8. All sections of this follow-up report, except that in relation to recommendation 7, have applications across the United Nations system. The section in relation to recommendation 7 on adequate funding of the after-service health insurance liability is specific to the United Nations Secretariat. It must be underscored that General Assembly decisions in relation to recommendation 7 would not be binding on other system organizations and that corresponding points for decision would have to be proposed to those organizations' governing bodies for formal evaluation and endorsement.
